

MITHILESH YADAV

Associate Analyst

Gurgaon, Haryana | +(91) 9918148064 | pky120799@gmail.com

CAREER SUMMARY:

Aspiring to be a part of an organization that lets me enhance my knowledge and develop skills, thereby ensuring active participation in the attainment of career goals.

WORK EXPERIENCE:

GlobalLogic Technology Pvt Ltd - Gurgaon

Associate Analyst | 04 April, 2024 - 28 April, 2025

- Handled 30–35 inbound customer calls per day, addressing a wide range of customer concerns while maintaining a polite, professional, and customer-focused approach throughout every interaction.
- Provided end-to-end customer support for billing, payments, subscriptions, renewals, cancellations, and account-related queries, ensuring accurate resolution and clear communication.
- Effectively managed challenging and escalated customer situations by demonstrating strong empathy, active listening, and problem-solving skills, which helped convert negative experiences into positive outcomes.
- Consistently achieved high customer satisfaction (CSAT) scores by understanding customer needs, offering appropriate solutions, and ensuring issues were resolved in a timely manner.
- Resolved customer issues through systematic troubleshooting, root-cause analysis, solution implementation, and follow-up to ensure complete resolution.
- Assisted customers with refund processing, failed or pending transactions, payment disputes, and chargeback-related queries, clearly explaining timelines and next steps.
- Accurately documented customer interactions, case details, and resolutions in CRM and internal ticketing systems for proper tracking and follow-up.
- Collaborated closely with team leads, quality analysts, and escalation teams to resolve complex issues and improve overall service efficiency.

SKILLS

- Solution oriented while dealing with problems and conflicts. Strong believer of values. Active listner. Focus on training, learnings and adaptability of new learnings. Diligent, conscious and goal oriented.
- Troubleshooting & Issue Resolution, Root Cause Analysis, Problem Solving, Analytical Thinking
- Attention to Detail, Logical Reasoning
